

BUILDING UP THE KINGDOM OF GOD

BRICK

BY BRICK

Our church is made up of an estimated 225,000 bricks (that we can see ... there are some spots that are 3 – 8 layers of brick thick). All together, there is 30,000 square feet of brick! (again just what we can see ... not counting the layers).

When we take into account all exterior repairs necessary: replacing brick, roof repairs, wall shoring, and a number of other exterior repairs that need to be made, the cost to renovate the exterior is about \$10 per brick. So let's do the math:

$$225,000 \text{ bricks} \times \$10 = \$2,250,000$$

Wow! So while the overall cost of repair might be difficult to grasp, most of us can easily afford to buy a brick for \$10.00. Think of what a great present this might be for a grandparent, uncle, neighbor or any fan of G.A. Church and Chaska!

Rebuilding our church one brick at a time. What is your level of giving?

One Brick Giver = \$10

Square Foot Brick Giver (about 7 bricks) = \$70

Band of Bricks Giver (about 100 bricks) = \$1000

Pallet of Bricks Giver (about 500 bricks) = \$5000

"I fully support the repair and maintenance of our beautiful brick church."

Fr. Conran Schneider, OFM

Every contributor (or person being honored) will receive a recognition certificate, signed by Fr. Paul Jarvis and Fr. Conran Schneider. **The first 500 people who contribute \$50 or more to the project will receive a Chaska Brick that will be removed during the tuckpointing process.** This is an actual brick from the 1885 Church. This is a once-in-a-lifetime opportunity to own a piece of Chaska and Guardian Angels History! Don't worry, bricks are being replaced with authentic, Chaska bricks - these are bricks that are removed as part of the restoration project. At this time, we are unsure when all the bricks will be available, but you will be contacted when your brick is ready.

Individuals or families contributing \$1000 or more will be commemorated in a personalized brick to be placed in a memorial wall or patio paver. The location and time-frame of this project is yet to be determined.
